## THE BRIEF

Uttoxeter Rural Parish Council contacted Creative Play as they were looking to add a climbing feature to their recreational grounds. Looking at both our Jungle Climbers and climbing structures, the parish council decided to go with our very popular Dart Activity Centre B, perfect for allowing many children to play together at once while providing many climbing opportunities.

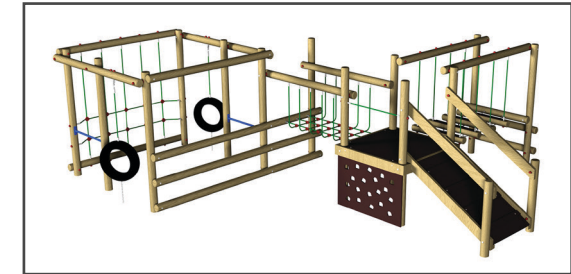

Matthew, one of our Play Advisors, went to visit the site to assess the site we were to be installing at and from there the Parish Council placed the order and installation commenced shortly after.

Black Wetpour Safety Surfacing was also included underneath the equipment to provide an all-weather play surface as well as to ensure all British and European Safety Standards were met.

Uttoxeter Rural Parish Council are extremely happy with their new play equipment and have provided their local community with a new great play area.

*"We want to send our thanks for the incredible service that Creative Play provided during the ordering and installation progress"*

*"From the start of the project through to completion, the Parish Clerk was provided with knowledgeable, professional individuals, who showed they truly valued the customer and the final outcome of a Dart Activity Centre on the Stramshall Playing Fields is an asset to the residents of the Parish."*

*"Thank you very much to everyone involved with helping to make this project a success."*
