

SIR000
Inclusive Scooter Roundabout

Free Fall Height: 1m

Minimum Area: 6.1m x 6.1m

SUITABLE FROM 3 years

Inclusive, Physical and Social Play

Complete with a Scooter Platform and Handle, the user can stand on the scooter and propel themselves forward just like being on a scooter. This roundabout can accommodate a wheelchair, Two users can sit and more can stand if they choose to do so. The wide central space facilitates a range of wheelchairs. Bump stops on both sides give a position to apply the wheelchairs brakes. The 'roll on roll off' design enables users to exit in a forward position.
