BOARD GAMES

Board games are a fantastic way to promote independent and team based participation in the playground. Bright, colourful and long lasting, our traditional board games help improve social interaction and analytical thinking outside the classroom, encouraging children to take turns, solve problems and strategy build.

Playground board games can be used to teach a wide range of educational subjects.

The vibrant colours and large-scale designs are attractive to increase interaction and improve logical thinking. Playground board games are perfect for any level of education from nurseries to primary schools and young person's clubs.

COURTS & SPORTS

Sports Courts within your outdoor provision are a great way to engage children in regular physical activity and offer a broad range of competitive sports from your outdoor space. Coloured preformed thermoplastic lines are durable and anti-slip giving you many years more play value compared to painted lines.

From typical school sports such as football and netball, to sports increasing in popularity such as Pickleball and Baseball, we can create stand alone courts or multi-use games areas for use in inter-house competitions or practise for local school tournaments.

EDUCATION

Our Educational selection of graphics are designed to really bring your classroom outside and support children's learning. Promoting curiosity and a fascination with our world, our educational range includes historical periods, planets of the solar system, days of the week, modern foreign languages and maps of the world to name but a few.

Educational playground markings help to promote recall and replicate key educational facts outdoors to establish a cross curricular learning environment.

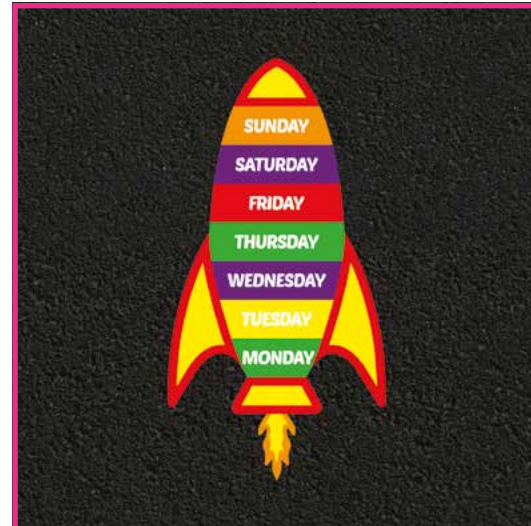

Our intricate educational markings can be used by staff to expand on lesson topics, reinforce learning goals and encourage children to apply what they have learnt while accessing their outdoor provision.

MAZES

Our playground mazes are a collection of timeless puzzles of twists and turns with fantastic replay value; suitable for children of all ages.

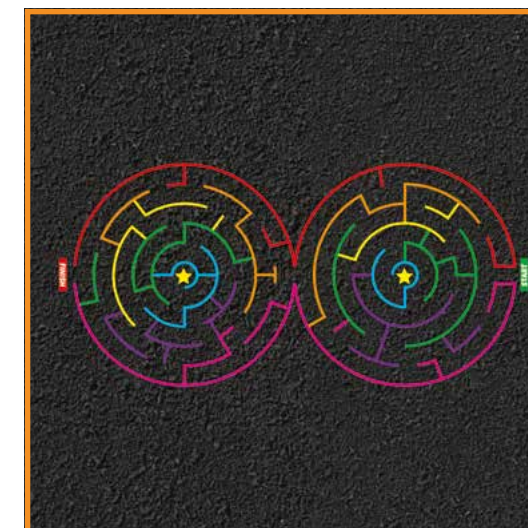

Mazes are an ideal way to improve and stimulate mental agility, balance, memory, and logic. Mazes improve the cognitive skills of children, while solving them, makes them think, reason, and remember.

Our wide range of age-appropriate thermoplastic maze playground markings feature times tables, cat and mouse and dinosaurs, brightening up the playground and engaging young people.

MILE A DAY

Enhance your school Mile a Day with colourful markings to highlight the route and encourage participation. Whether your children choose to run, walk or jog the route, at their own pace or working as a collective to compete against other classes, the mile a day can improve the physical, social, emotional and mental health and wellbeing of all children.

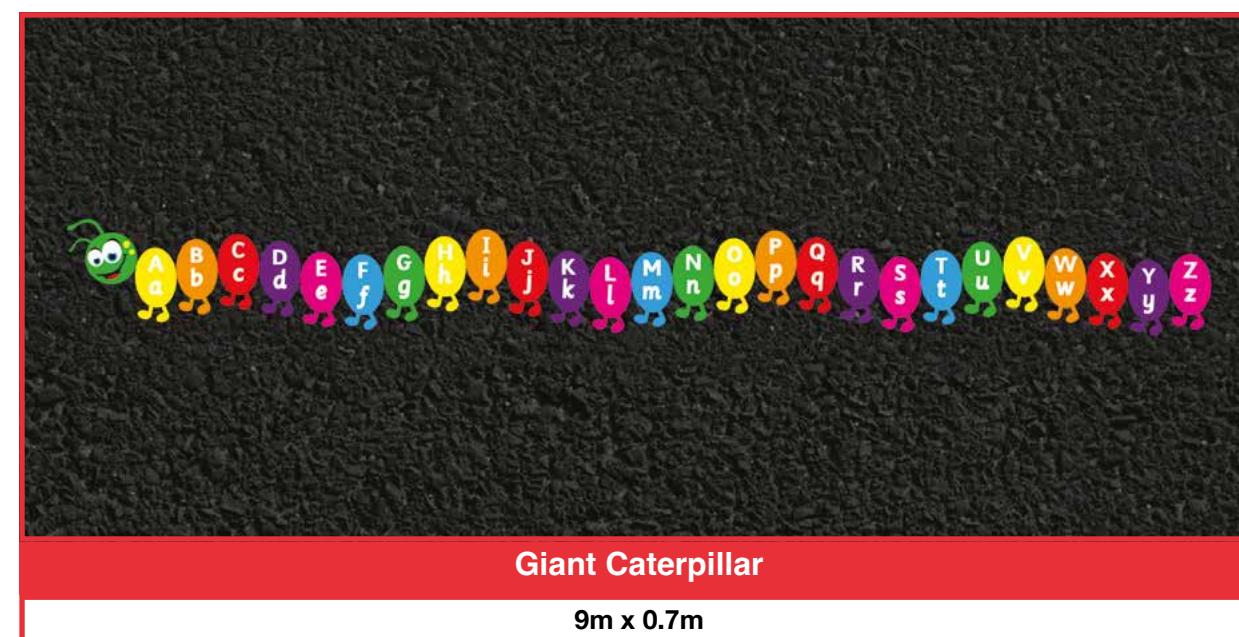

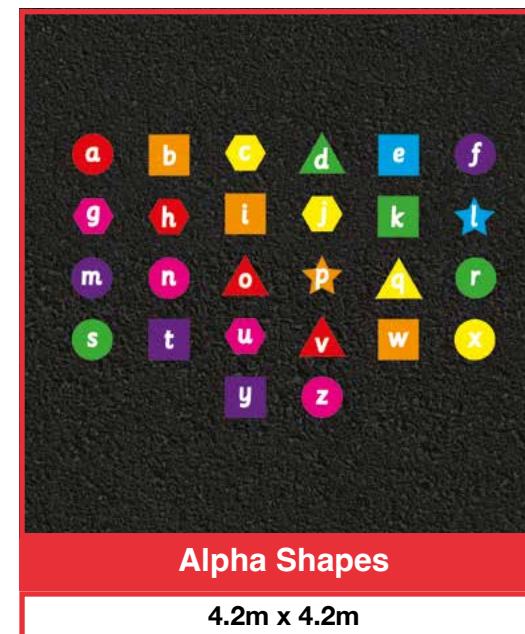

Marking the circuit in colourful footprints, distance markers or trail components, keeps children interested and engages the least active too. Our team of playground imagineers can help to design a mile a day circuit that's perfect for your outdoor provision.

ROADWAYS

Roadway playground markings can fit all shapes and sizes of playgrounds and are a great way to teach and encourage road safety. Our roadway playground markings can include real life elements such as zebra crossings, junction markers and road signage while also adding elements such as landmarks.

Our roadways can be used for trikes and bikes, increasing gross motor opportunities and allowing for bikeability training.

SHAPES & PRINTS

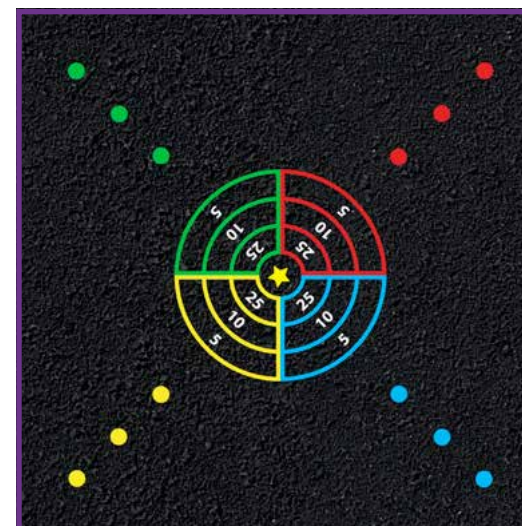

Preformed thermoplastic shapes & prints are available in any colour. They can be used to help with lining up procedures, fire drills and creating routes around schools. Simple shapes are also a great addition to EYFS and nursery areas, to help create bright stimulating environments.

TARGETS

Targets encourage children to develop their coordination and mathematical skills. From throwing and accuracy to working out their scores, our target games are a multi functional addition to your playground.

Available in single numbers, multiples of 10 or times tables, we can create a target that is relevant for your playspace and key stage, giving children an activity that allows for many different ways to play.

TRADITIONAL GAMES

Traditional playground games including the likes of hopscotch, twister, what time is it mr wolf and noughts and crosses are timeless activities that every child will play. Enhancing these games with long lasting, bright coloured preformed thermoplastic markings ensures they can be played over and over again.

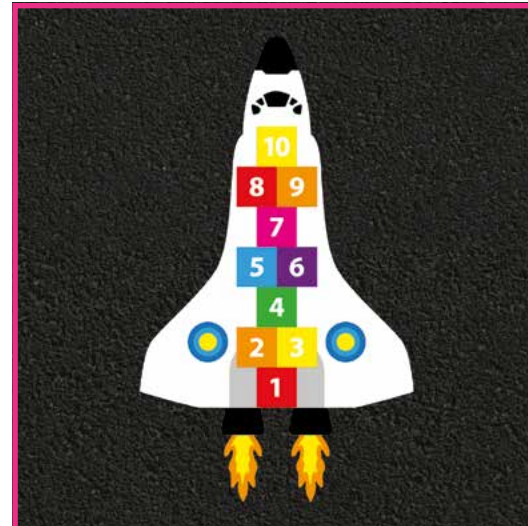

Our collection of innovative games based on traditional concepts are a key feature to every outdoor provision and can be played alone or in teams.

TRAILS

Our trails develop a range of fitness skills whilst including fun graphics to stimulate children's imagination. From bright colourful themed activity trails for young children, to race trails where older children can compete against their peers, or beat their last time. Our trails can be incorporated into mile a day circuits to encourage participation amongst all children.

All of our trails can be configured to suit your space, can be shortened or extended depending on the area you wish to cover.

ENDURANCE SURFACE COVERING

Our Endurance is a highway grade, anti-slip surface covering designed for areas of high traffic and footfall. The material is hand applied to create visually interesting designs that are suitable for use in all weather.

Endurance is designed and manufactured to be used with Uniplay preformed thermoplastic.

Decorative high durability and preformed thermoplastic markings applied to a tarmac surface is a fantastic way to rejuvenate outdoor spaces, giving great slip resistance and long lasting results whilst being multi functional and not easy to be vandalised.
