THE OUTDOOR PLAY EXPERTS

creative play

In House Design

We are the leading UK provider of thermoplastic playground markings.

From the initial consultation and survey, we'll create a personalised plan of your playground complete with itemised pricing for your consideration. We aim to make designing your playground markings as simple and transparent as possible with our expert team on hand to help you with any questions you may have.

We design all of our unique graphics 'in-house' and our design team will bring your playground vision to life. Our team are specialists in creating thermoplastic graphics and ensuring they fit not only your space, but also your budget.

Our Manufacturing Facility

Our design and manufacturing facility, complete with water jet cutting machines, gives us complete control over every design we produce.

Our precision cutting technologies allow us to design and cut the most intricate thermoplastic graphics available.

We pride ourselves on using our own experienced and professional installation teams who will work with you to find a convenient, safe and none intrusive time to complete your playground. All of our install teams hold enhanced DBS disclosures.

Our philosophy is simple. We create and install unique thermoplastic graphics coupled with first class customer service.

Board Games

Board Games can help develop strategic and mathematical skills from a young age. Children can learn to work in teams or play alone whilst enhancing their memory and mastering the rules and boundaries of the games.

PMS&L100S

3.1m
x 3.1m

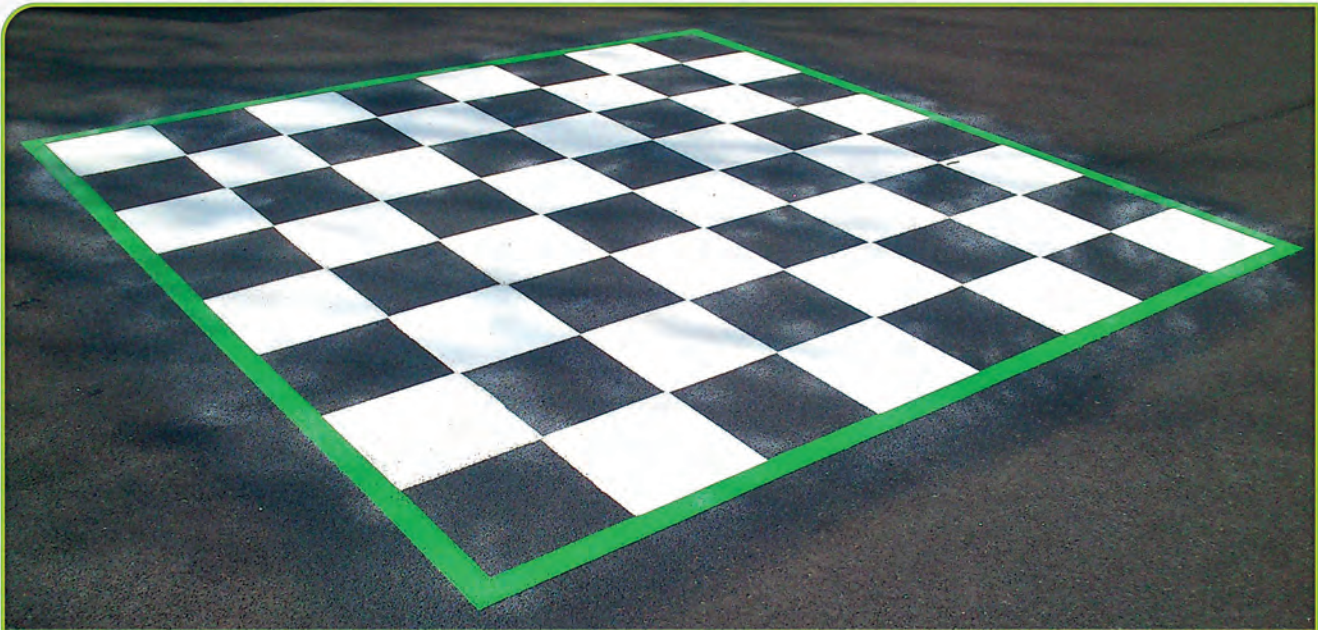

The team were fabulous at our school, they took care to mark the playground in sections allowing pupils to continue using as much of the playground as possible during breaks. They accommodated our need for the youngest pupils to have access until the very last minute.

The markings are superb. I would recommend them to everyone wanting a first class job, done well!

Characters and Objects

Decorate your provision with our vibrant characters and objects. These designs can be the building blocks of an underwater, jungle or safari themed area. Friendship stops and quiet areas provide a designated space for children to develop their social skills.

each

Courts and Sports

Sports Courts provide endless hours of play and encourage competitive sport.

Our extensive range of sports markings can be integrated into physical education lessons to inspire pupils to succeed and excel, whilst developing health and fitness.

Mazes

Our mazes offer fantastic replay value. Children can create their own competitive games and expand their problem solving skills.

Mile a Day

The 'Mile a Day' is an initiative being adopted by schools throughout the UK to improve the physical, emotional and social health and well-being of their children. It is a fantastic way to allow children of all circumstances, age or ability the opportunity to be involved in a fun daily exercise.

*Mile a Day
can be fit
to any shape
and size of
playground.*

Initiatives like this can
improve the physical,
social, and mental
wellbeing of our children,
regardless of age, ability
or circumstance.

Number Games and Grids

Our number and grid games extend mathematics beyond the classroom. Mathematics is a creative and highly interconnected discipline, that is essential to everyday life and our innovative markings create a sense of enjoyment and curiosity about the subject.

Thank you so much for the markings you installed on the infant playground, which are bright and colourful and of great quality; our pupils love them and playtimes and lunchtimes are so enjoyable now.

The service the school received from the first phone call to the finished installation of the markings was excellent and I will certainly be contacting your company in the future for our junior playground markings.

There were queues at each game and trail the day after installation and the markings are still engaging the children every playtime. The markings are clear and easy to follow.

The company provided good advice on the site visit; it respected the brief we gave them and their work came in within budget. Telephone contact before, during and after installation was professional and courteous and the work was carried out efficiently and was completed on time.

Removals

We are pleased to offer a comprehensive playground marking removals and playground cleaning service. We use a number of methods to clean the tarmac surface of your playground and remove existing thermoplastic or painted playground markings.

Removing your old, tired markings is often the best way to ensure your brand new graphics look their very best.

We offer an 'in-house' Ultra High Pressure Water removals service that is not only environmentally friendly, but also sensitive to your ground condition.

In order to determine the best course of action to remove your existing graphics, we are able to offer a free of charge, no obligation site survey.

This allows us to take a look at the area, discuss your requirements and propose the most cost effective solution for your requirements.

All playground marking removals prices are available on request.
