A B C D E F

Floors and Ramps
Birch plywood exterior panels with a dense, rough 'wire-mesh' pattern surface to provide a slip-resistant finish.

Fastenings are tamper-proof or capped with secure custom-made plastic tamper proof covers. All footholds have a slip-resistant surface.

All our timbers are pressure treated with a chrome-free and arsenic-free preservative which protects against decay and insect attack for 20 years.

Ropes and nets
Polypropylene covered multi-filament steel core rope secured with hydraulically pressed end connections and custom made tamper-proof net joints.
